CURRICULUM VITAE

Maria Müller-Staub (PhD, MNS, EdN, RN)

January 2025

Maria Müller-Staub was Professor at the Lectoraat for Nursing Diagnostics at the Hanze University Groningen, Netherlands, and is founder of Pflege PBS (Nurse Consulting, Teaching, & Research), Wil. Switzerland. She worked on **80 research projects**, mainly as principal investigator. Prof. Müller-Staub's main focus is on nursing diagnostics, clinical decision-making and critical thinking, e-Health, nursing documentation, nursing care quality and Clinical Information Systems (CIS). She consults healthcare institutions and nursing education program developers for implementing nursing language related to the classifications of nursing diagnoses, interventions, and outcomes (NANDA-I, NIC & NOC).

Prof. Müller-Staub has taught in post-graduate nursing programs and supervises doctoral students. She is an expert in curriculum development and was Dean of a nursing school offering advanced degree programs, and lectures in national and international programs.

Prof. Müller-Staub was President of the Association for Common Nursing Diagnoses, Interventions and Outcomes (ACENDIO, 2019–2023). Formerly, she was President of the Swiss Association for Nursing Research (2012 – 2018) representing nine Academic Societies: Cardiovascular Nursing, Patient Education, Nursing Ethics, Gerontology Nursing; Home Health Nursing, Oncology Nursing, Pediatric Nursing, Psychiatric Nursing and Rehabilitation Nursing.

Prof. Müller-Staub has **380 publications** (157 peer-reviewed/indexed, 163 professional articles, 60 books/book-chapters), and held **218 conference presentations**.

Date of birth: 03/25/1956

Research Projects

1. **Investigation of the nursing documentation completion quality based on the Q-DIO instrument.** M Müller Staub Co-researcher, L. Gligor, School of Medicine, Lucian Blaga University of Sibiu, Romania.

A multilevel regression analysis, 2022 – 2025

2. **Linguistic adaptation and cross-cultural validation of the Italian Revised Quality Diagnosis, Intervention, and Outcomes (Q-DIO R).** M. Müller Staub, Co-Researcher, Dr. Mattia Bozzetti (PhDs, RN), ASST Cremona, Italy.

Instrument validation study, 2023 – 2024

3. **Utilization and psychometric properties of the Quality Diagnosis, Intervention, and Outcomes (Q-DIO).** M. Müller Staub, Co-Researcher, Dr. Mattia Bozzetti (PhDs, RN), ASST Cremona, Italy.

Scoping review 2023 – 2024

4. **Improving the quality of nursing care through Standardized Nursing Languages (SNLs).** M. Müller Staub, Co-Researcher, Dr. Fabiana Cristina Dos Santos, Columbia University School of Nursing, New York, USA.

Survey and expert panels 2021 – 2024

5. **NANDA-I nursing diagnosis risk for perioperative hypothermia (00254).** M. Müller Staub Co-investigator and study Supervisor with Ass. Prof. Priv.- Doz. Dr. Andre Ewers, Doctoral studies M. Schwanda, Paracelsus University, Salzburg, Austria.

A quantitative, descriptive diagnostic content validation (DCV) study, 2021 – 2024

6. **The quality of nursing diagnoses, interventions, and outcomes in Romanian nursing documentation measured with the Q-DIO:** M Müller Staub Co-researcher of Laura Gligor, School of Medicine, Lucian Blaga University of Sibiu, Romania.

Cross-sectional study 2021 – 2023

7. **Determining the application conditions of Physical Restraint (NIC 4501) in the Intensive Care Unit.** M. Müller Staub, Co-Researcher, G. Hakverdioglu, Izmir Tinaztepe University, Faculty of Health Sciences, Turkey.

Observational multi-method study, 2022 – 2023

8. **Knowledge translation for nursing care for patient with risk of perioperative positioning injury.** M. Müller Staub, Co-Researcher, L. Bjorklund, Universidade Federal do Rio Grande do Sul - School of Nursing and Hospital de Clínicas de Porto Alegre, Porto Alegre, Brazil.

A case report, 2021 – 2022

9. **New Perspective in Nursing Documentation using standardized terminologies in Romanian Perioperative Nursing.** Standardization of the Quality of Diagnoses, Interventions and Outcomes (-DIO) measurement instrument for use in Romania. M Müller Staub Co-researcher, Doctoral studies Laura Gligor, Doctoral School of Medicine, Lucian Blaga University of Sibiu, Romania.

Methodological study with instrument translation and testing, 2021 – 2024

10. **Standardization of the Quality of Diagnoses, Interventions and Outcomes (-DIO) measurement instrument for use in Slovenia.** M Müller Staub Co-researcher, Doctoral studies Maja Klancnik Gruden, Faculty of Health Sciences in Maribor, Slovenia.

Methodological study with instrument translation and testing, 2020 – 2022

11. **Evaluating the utilization of Standardized Nursing Care Plans in Nigeria:** M. Müller Staub, Supervisor with Prof. Prof. Adenike Olaogun, Doctoral studies, Iyanuoluwa O Ojo (nee Adubi), Obafemi Awolowo University | OAU Department of Nursing Science, Ile-Ife, Nigeria.

Experimental mixed methods study, 2020 – 2022

12. **Concept analysis of the NANDA International nursing diagnosis „Risk for perioperative hypothermia“:** M. Müller Staub Co-investigator and study Supervisor with Ass. Prof. Priv.- Doz. Dr. Andre Ewers, Doctoral studies M. Schwanda, Paracelsus University, Salzburg, Austria.

Concept analysis, 2019 –

13. **“Eat Enough”—A nurse-led intervention to enhance hospitalized older adults’ protein and energy nutrition: A Program theory:** M. Müller Staub Co-investigator and study Supervisor with Prof. H. Mayer, Doctoral studies S. Brunner, Vienna University, Vienna, Austria.

Convergent parallel mixed-methods design with method and data triangulation, 2019– 2022

14. **Nutrition-related care needs of older patients in hospital:** M. Müller Staub Co-investigator and study Supervisor with Prof. H. Mayer, Doctoral studies S. Brunner, Vienna University, Vienna, Austria.

A qualitative multimethod study, 2019 – 2022

15. **Perception of healthcare workers on the integration of electronic health records in primary health centers in Nigeria:** M. Müller Staub, Supervisor with Prof. Prof. Adenike Olaogun, Doctoral studies, Iyanuoluwa O Ojo (nee Adubi), Obafemi Awolowo University | OAU Department of Nursing Science, Ile-Ife, Nigeria.

Descriptive cross-sectional survey design, 2018 – 2021

16. **Studies on non-planned Perioperative Hypothermia:** M. Müller Staub Co-investigator and study Supervisor with Ass. Prof. Priv.- Doz. Dr. Andre Ewers, Doctoral studies M. Schwanda, Paracelsus University, Salzburg, Austria.

Concept analysis, content validity and interrater-reliability studies, 2019 – 2025

17. **Gefahr einer Mangelernährung älterer Patient_innen im Akutspital.** M. Müller Staub Co-investigator and study Supervisor with Prof. H. Mayer, Doctoral studies S. Brunner, Vienna University, Vienna, Austria

Exploratives quantitatives Querschnittsdesign mit Clusteranalyse, 2019 – 2021

18. **Exploitation of information systems to research Standardized Nursing Languages and Big Database Management:** M. Müller Staub Co-investigator of Wolter Paans, Research Group Nursing Diagnostics, Hanze University of Applied Sciences, Groningen, The Netherlands.

Literature review, 2019 – 2020

19. **Enhancing geriatric patients’ nutrition:** M. Müller Staub Co-investigator and study Supervisor with Prof. H. Mayer, Doctoral studies S. Grob-Brunner, Vienna University, Vienna, Austria.

Mixed-methods systematic review, 2018 – 2020

20. **«Surveillance» und «Nurse-to-patient-ratio»:** M. Müller Staub Co-investigator of C. Leonis-Scheiber, Nurse Lecturer and Doctoral Student Vienna University, Vienna, Austria.

Scoping review, 2018 – 2019

21. **Nursing and eHealth: A Mixed Method Study to Identify Outcome Criteria for Clinical Practice:** M. Müller Staub Co-investigator, Sheerin, F., PI, de Pieri, C., Kinnunen, U.M., & Paans, W., Co-investigators. Association for Common Nursing Diagnoses, Interventions and Outcomes, Dublin, Ireland.
Sequential mixed-method design using a Delphi survey approach and focus groups, 2016 – 2019
22. **Developing a nursing diagnosis – risk for malnutrition:** M. Müller Staub Co-investigator and study Supervisor with Prof. H. Mayer, Doctoral studies S. Grob-Brunner, Vienna University, Vienna, Austria.
Mixed methods design, 2018 – 2019
23. **Interprofessional Process and Status of Patient Nutrition:** M. Müller Staub Co-investigator and study Supervisor with Prof. H. Mayer, Doctoral studies S. Grob-Brunner, Vienna University, Vienna, Austria.
Mixed-methods study, 2018 – 2019
24. **Electronic fall reports:** M. Müller-Staub (Co-investigator) of S. Brunner, Waidspital Zürich, Switzerland.
Evaluation study, 2019 – 2019
25. **Effects of Guided Clinical Reasoning (GCR):** Evaluation of GCR as an educational method for nurses on the quality of documented nursing diagnoses, interventions and outcomes, on nurses' attitudes on nursing diagnoses, and on care quality as described by patients.
M. Müller Staub Co-investigator and study Supervisor with Prof. H. Mayer, Doctoral studies C. Leoni-Scheiber, Vienna University, Vienna, Austria.
Experimental mixed methods study, 2015 – 2020
26. **Effekte der Schulungsintervention Guided Clinical Reasoning auf die Qualität des Advanced Nursing Process sowie auf das Wissen, die Einstellung und das Handeln diplomierter Pflegefachpersonen:** M. Müller Staub Co-investigator and study Supervisor with Prof. H. Mayer, Doctoral studies C. Leoni-Scheiber, Vienna University, Vienna, Austria.
Experimental interventions study, 2017 – 2019
27. **Relationships between the Advanced Nursing Process quality and nurses' and patient' characteristics:** M. Müller Staub Co-investigator and study Supervisor with Prof. H. Mayer, Doctoral studies C. Leoni-Scheiber, Vienna University, Vienna, Austria.
Cross-sectional study, 2017 – 2019
28. **Measuring the effects of guided clinical reasoning on the Advanced Nursing Process quality, on nurses' knowledge and attitude:** M. Müller Staub Co-investigator and study Supervisor with Prof. H. Mayer, Doctoral studies C. Leoni-Scheiber, Vienna University, Vienna, Austria.
Methodological study protocol, 2016 – 2019
29. **Übereinstimmung des Advanced Nursing Process mit Beobachtungen, Interviews und Pflegedokumentationen im Akutspital:** M. Müller Staub Co-investigator and study Supervisor with Prof. H. Mayer, Doctoral studies C. Leoni-Scheiber, Vienna University, Vienna, Austria.
Qualitative multiple case study, 2016 – 2019
30. **Clinical indicators of nursing outcomes classification for patient with risk for perioperative positioning injury.** M. Müller Staub Co-Supervisor with Prof. E. Rabelo, Doctoral Studies by Bjorklund-Lima, Luciana, Federal University of Rio Grande do Sul (UFRGS), Porto Alegre - Rio Grande do Sul, Brazil.

Cohort study, 2015 – 2019

31. **Prevalence of NANDA-I Diagnoses and Relationships with Patient Characteristics: gender, age, medical diagnoses, and setting:** Nursing diagnoses related to psychiatric adult inpatient care. Co-researcher and supervisor with Prof. Dr. Van Achterberg, doctoral studies Fritz Frauenfelder, University of Nijmegen, NL.

Systematic Electronic Health Record audit, 2016 – 2018

32. **Competencies for nursing in a digital world. Methodology, results, and use of the DACH- recommendations for nursing informatics core competency areas in Austria, Germany, and Switzerland:** M. Müller Staub Co-Investigator N. Egbert, J. Thye, W. O. Hackl, E. Ammenwerth & Ursula Hübner Health Informatics Research Group, University of Applied Sciences Osnabrueck, Osnabrueck, Germany, & Pflege PBS, Wil, Switzerland.

Validation and development of a procedural model on national recommendations, 2016 – 2018

33. **Criteria for meaningful electronic nursing documentation:** M. Müller Staub PI, Stadtspital Waid Zürich, and Swiss Nursing Science Association, Bern, Switzerland.

Literature review and project evaluation, 2015 – 2018

34. **Interprofessional Process of Patient Nutrition in Gerontotraumatology:** Studies exploring the process and the nutritional status of hospitalized patients. M. Müller Staub PI, Stadtspital Waid, Zürich.

Mixed-methods study, 2016 – 2017

35. **Pflegeklassifikationen in Praxis, Bildung und elektronischer Pflegedokumentation:** M. Müller Staub Principal Investigator; Co-investigators E. Rappord, P. König & K. Schalek, Pflege PBS, Wil, Switzerland.

Mixed methods literature review and consensus studies, 2014 – 2017

36. **Documented Nursing Interventions in Inpatient Psychiatry:** A study to explore how well the Nursing Interventions Classification (NIC) covers adult inpatient psychiatric care.^[56] Co-researcher and supervisor with Prof. Dr. Van Achterberg, doctoral studies Fritz Frauenfelder, University of Nijmegen, NL.

Systematic record audit and mapping interventions with the NIC, 2015 – 2016

37. **Predictive Power of Nursing Diagnoses on Hip Fracture Patients Length of Stay (LOS):** Outcome Calculations Based on Nursing Documentation in the First Generation of Electronic Health Records in the Netherlands. M. Müller Staub Co-researcher with Prof. Dr. W. Paans and W.P. Krijnen, Hanze University, Groningen, Netherlands.

Retrospective cross-sectional record audit by using the D-Catch instrument, 2014 – 2016

38. **Advanced Nursing Process quality: Comparing the International Classification for Nursing Practice (ICNP) with the NANDA-International (NANDA-I) and Nursing Interventions Classification (NIC).** Co-researcher with Prof. Dr. Eneida Rabelo. Principal investigator: Ana Carla Dantas Cavalcanti, Post Doctoral Student of Graduate Program in Cardiovascular Science. Federal University of Rio Grande do Sul (UFRGS) /Fluminense Federal University, Porto Alegre - Rio Grande do Sul, Brasil.

Cross sectional study, 2014 – 2016

39. **Determination of Nursing Diagnoses in Children of Agricultural Laborer Families in South Eastern Regions of Turkey.** M. Müller Staub Co-investigator and study Supervisor; Principal investigator: H. Karatas, Harran

University School of Health, Sanliurfa, Turkey, & F. Erdemir, Professor in Child Health Nursing, Department of Nursing, Faculty of Health Science, Near East University, Nicosia, Turkey.

Interpretative qualitative study, 2014 – 2016

40. **Agreement, correctness and accuracy: Influence of nursing diagnoses in electronic care plans with standardized nursing languages.**

M. Müller Staub Co-investigator and study Supervisor with Prof. W. Paans, Hanze University Groningen; Principal investigator: Helen de Graaf-Waar (CNS, MNSc, RN), Clinical Health Science, Nursing Science, University of Utrecht, Netherlands.

A quantitative exploratory study, 2013 – 2015

41. **Responsibility of Nursing – the Advanced Nursing Process.** M. Müller Staub PI with J. Abt, A. Brenner, & B. Hofer. Swiss Nursing Science Association, Bern, Switzerland.

Literature review and consensus group study, 2013 – 2015

42. **Pflegeklassifikationen im Vergleich: Beurteilung anhand von Studien.**

M. Müller Staub: Principle investigator, Co-researchers: M. Odenbreit, Wigasoft AG; Dr. Dr. E. Rappold, Faculty of Nursing Science, Vienna; Prof. J.M. Brokel, University of Iowa; Prof. K. Avant, University of Dallas; Prof. G. Keenan, University of Chicago, USA.

Qualitative meta review with a 3-step approach: Development of evaluation criteria by literature reviews, establishing and validation of an evaluation matrix, assessment and expert consensus study by using the matrix to validate/compare classifications, 2009 – 2015

43. **Standard for Nursing Process - Clinical Decision Support Systems (NP-CDSS).**

Standard development for Electronic Health Records to support nurses in clinical decision-making for achieving high quality patient outcomes.
Principal investigator: M. Müller-Staub (PhD, EdN, RN, FEANS) with Prof. Wolter Paans (PhD, MNS, RN), Research Assistant: Helen de Graaf-Waar (CNS, MNSc, RN), Pflege PBS, Wil, Switzerland.

Consensus Validation Study, 2013 – 2015

44. **Support of the nursing process through electronic nursing documentation systems (UEPD).**

M. Müller Staub Co-investigator; Research group: H. Hediger & H. Petry, ZHAW University Winterthur and City Hospital Triemli, Zurich, Switzerland.

Instrument validation study, 2013 – 2015

45. **Nursing Diagnoses in Inpatient Psychiatry.**

M. Müller Staub Co-Researcher and Supervisor with Prof. T. van Achterberg; Principal investigator: F. Frauenfelder, Radboud University of Nijmegen, Netherlands.

Nursing record audit, content analysis, and mapping diagnoses with the NANDA-I classification, 2013 – 2014

46. **Risk for perioperative hypothermia – developing a new NANDA-I nursing diagnosis.** M. Müller Staub Co-investigator and study Supervisor; Principal investigator: M. Schwanda, University of Applied Sciences, Krems, Austria.

Concept Development study, 2013 – 2014

47. **Nursing diagnoses determined by first year students.**

M. Müller Staub: Co-Researcher and study Supervisor; Principal investigator: Y.G. Hakverdioglu, Sifa University Faculty of Health Sciences, Izmir, Turkey; research group: E.A. Korhan & F. Erdemir, Professor in Child Health Nursing, Department of Nursing, Faculty of Health Science, Near East University, Nicosia, Turkey.

Vignette study with quantitative design, 2013 – 2014

48. Validation of the Quality of Diagnoses, Interventions, and Outcomes (Q-DIO) Instrument for Use in Brazil and the United States.

M. Müller Staub: Co-investigator and Co-Supervisor with Prof. E. Rabelo, Doctoral Studies by Graciele Linch, Federal University of Rio Grande do Sul (UFRGS), Porto Alegre - Rio Grande do Sul, Brazil.

Instrument validation study, 2012 – 2014

49. Nursing diagnosis 'Acute Pain', interventions and outcomes: Evaluation of patient experiences after total hip arthroplasty compared with the nursing record.

M. Müller Staub: Co-Researcher and study Supervisor; Principal investigator: D. Zanon, ZUWA University Winterthur; co-researcher: D. Gralher, Cantonal Hospital Lucerne, Switzerland.

Experimental mixed methods study, 2012 – 2013

50. Validität und Reliabilität der deutschsprachigen Version der Fatigue-Skalen bei Kindern und Jugendlichen mit einer Krebserkrankung.

M. Müller Staub Co-investigator and study Supervisor; Principal investigator: A. Thoeny, ZHAW University Winterthur and University Hospital, Bern, Switzerland.

Instrument Validation Study, 2012 – 2013

51. Swiss Agenda for Nursing (SRAN): State of its implementation.

M. Müller Staub Co-investigator and study Supervisor; Principal investigators: N. Zigan & D. Händler-Schuster. Research team: F. Rabenschlag, P. Schweller, P. Ullmann, & P. Gantschnig. Swiss Association for Nursing Science, Bern, Switzerland.

Literature review and qualitative interviews, 2011 – 2013

52. Patients' Care Needs in general hospitals.

M. Müller Staub Co-investigator; Principal investigator Prof. Dr. W. Paans, Hanze Universtiy Groningen, Netherlands.

Documentation analysis with qualitative and quantitative design, 2011 – 2013

53. Die Einstellung deutschsprachiger Pflegefachpersonen gegenüber dem “Advanced Nursing Process” vor und nach einer Bildungsintervention.

M. Müller Staub Co-Researcher and Supervisor of C. Leoni-Scheiber, UMIT University Innsbruck, Austria.

Quasi-experimental intervention study, 2011 – 2013

54. Nursing diagnosis in intensive care units: The Turkey experience.

M. Müller Staub Co-Researcher and Supervisor; Principal investigator: E.A. Korhan, Izmir Katip Celebi University, Izmir; research group: G. Hakverdioglu Yönt, *Department of Nursing, Sifa University Faculty of Health Sciences, Izmir*, & Prof. F. Erdemir, Near East University, Nicosia, Turkey.

Descriptive, expert-validated vignette study, 2011 – 2013

55. Effects on the Quality of the Nursing Care Process Through an Educational Program and the Use of Electronic Nursing Documentation.

M. Müller Staub: Co-investigator and Co-Supervisor with Prof. W. Paans; Principle investigator: M. Bruylands, ZHAW University, Winterthur.

Multiple time points nursing record audit by using the instrument "Quality of Nursing Diagnoses, Interventions and Outcomes" (Q-DIO), 2011 – 2013

- 56. Nursing interventions in inpatient psychiatry.**
M. Müller Staub Co-Researcher and Supervisor with Prof. T. van Achterberg; Principal investigator: F. Frauenfelder, Radboud University of Nijmegen, Netherlands.
Literature review and mapping interventions with the NIC, 2011 – 2013
- 57. Influence of using diagnostic resources on nurses' communication with simulated patients during admission interviews.**
M. Müller Staub Co-researcher; Principal investigator: Prof. Dr. W. Paans, Co-researcher: R. Nieweg, Hanze University, Groningen, Netherlands.
Randomized controlled trial, 2010 – 2013
- 58. Leben mit Langzeiterkrankungen (LEILA).**
Maria Müller Staub: Co-Principal investigator and study Supervisor, ZHAW University, Institute for Nursing, Winterthur, Switzerland.
Experimental mixed methods study, 2011 – 2012
- 59. Effects of Diagnosis-Related Groups on care quality:** Maria Müller Staub Principal investigator, Pflege PBS, Bern.
Literature review, 2011 – 2012
- 60. Evidence-based nursing process:** M. Müller Staub Principal Investigator, Pflege PBS, Bern.
Literature review, 2011 – 2012
- 61. Critical thinking in nursing:** M. Müller Staub Principal Investigator, Pflege PBS, Bern.
Literature review, 2011 – 2012
- 62. Nurses' attitudes of the nursing process and nursing diagnoses.**
M. Müller Staub Principal Investigator, Pflege PBS, Bern.
Pre-post educational intervention study, 2010 – 2012
- 63. Cross-cultural adaptation of the Quality of Diagnoses, Interventions and Outcomes (Q-DIO) instrument into Brazilian Portuguese.**
M. Müller Staub: Co-investigator and Co-Supervisor with Prof. E. Rabelo, Doctoral Studies by Graciele Linch, Federal University of Rio Grande do Sul (UFRGS), Porto Alegre - Rio Grande do Sul, Brazil.
Instrument translation, synthesis, back-translation, expert committee review, and pretesting, 2010 – 2012
- 64. Validacao do Quality of Diagnoses, Interventions and Outcomes (Q-DIO) para uso no Brasil e nos Estados Unidos da America.**
M. Müller Staub: Co-investigator and Co-Supervisor with Prof. E. Rabelo, Doctoral Studies by Graciele Linch, Federal University of Rio Grande do Sul (UFRGS), Porto Alegre - Rio Grande do Sul, Brazil.
Instrument translation, validation and testing, 2009 – 2012
- 65. Nursing phenomena in inpatient psychiatry.**
M. Müller Staub Co-Researcher and Supervisor with Prof. T. van Achterberg; Principal investigator: F. Frauenfelder, Radboud University of Nijmegen, Netherlands.
Literature review, 2009 – 2011

- 66. Quality of nursing records and standardized language.**
M. Müller Staub: Co-investigator with Prof. E. Rabelo, Principal investigator: G.F. da Costa Linch, Prof. E. Rabelo, Federal University of Rio Grande do Sul (UFRGS), Porto Alegre - Rio Grande do Sul, Brazil.

Literature review, 2009 – 2010

- 67. Effects and achieved learning goals of an educational program to implement nursing diagnoses, interventions and outcomes.**
M. Müller Staub: Principal Investigator, Hospitals Frutigen, Meiringen and Interlaken & Nursing PBS, Bern.

Evaluation study with quantitative and qualitative design, 2008

- 68. Implementing nursing diagnostics, evidence-based interventions on an emergency unit: Diagnostic accuracy.**
M. Müller Staub: Principal Investigator. Emergency Center, University Hospital Bern, Switzerland.

Evaluation study with quantitative and qualitative design, 2008

- 69. Nursing Classifications and the Reality of Mental Health Care.**
M. Müller Staub: Co-supervisor with Prof. Dr. T. van Achterberg, Doctoral Studies of Fritz Frauentfelder, Radboud University of Nijmegen, Netherlands.

Mixed Methods study: Literature reviews, qualitative analyses, documentation audits and cross-sectional study 2007 – 2019

- 70. Patients' satisfaction with nursing care on an emergency unit.**
M. Müller Staub: Co-Investigator and study supervisor. Principal investigator: J. Needham & R. Meer, HES So, University of Applied Sciences, Fribourg, Switzerland & Emergency Center, University Hospital Bern, Switzerland.

Mixed Methods study: Patient survey and document audit with quantitative and qualitative design, 2006

- 71. Effect of Guided Clinical Reasoning (GCR) on accuracy of nursing diagnoses, effectiveness of nursing interventions and quality of nursing-sensitive patient outcomes.**
M. Müller Staub: Principal Investigator, research team: Prof. I. Needham, Prof. M.A. Lavin, Prof. T. van Achterberg (Supervisor); St. Radboud University, Maastricht, Netherlands.

Cluster-randomized trial, 2005 – 2006

- 72. A standardized research method to identify and link the relevant NANDA; NIC and NOC terms for local populations.**
M. Müller Staub: Study Supervisor; Principal investigator J. Carlson; Research team: Prof. M. Lunney, M. Clifford, Prof. D.A. Monteiro da Cruz; CUNY University, New York, USA.

Consensus validation study, 2005 – 2006

- 73. Evaluation of implementing standardized nursing diagnoses, interventions and outcomes:**
Measuring the quality of nursing diagnoses, diagnostic-specific nursing interventions and nursing-sensitive patient outcomes, describing the improvement in patients.
M. Müller Staub: Principal Investigator, research team: Prof. I. Needham, Prof. M.A. Lavin, Prof. T. van Achterberg (Supervisor); St. Radboud University, Maastricht, Netherlands.

Pre- Posttest Design Study, 2004 – 2006

- 74. Psychometric properties of Q-DIO, an instrument to measure the quality of documented nursing diagnoses, interventions and outcomes.**
M. Müller Staub: Principal Investigator, research team: Prof. I. Needham, Prof. M. Lunney, Prof.

M.A. Lavin, Prof. T. van Achterberg (Supervisor); St. Radboud University, Maastricht, Netherlands.

Methodological study: Instrument testing, 2004 – 2005

75. **Nursing diagnoses, interventions and outcomes -Application and impact of nursing diagnoses, interventions and outcomes on nursing practice.**

M. Müller Staub: Principal Investigator, research team: Prof. I. Needham, Prof. M.A. Lavin, Prof. T. van Achterberg (Supervisor); St. Radboud University, Maastricht, Netherlands.

Systematic literature review, 2003 – 2005

76. **How do nursing classifications meet classification criteria?**

M. Müller Staub: Principal Investigator; research team: Prof. I. Needham, Prof. M.A. Lavin, Prof. T. van Achterberg (Supervisor); St. Radboud University, Maastricht, Netherlands.

Systematic literature review und expert interviews, 2003 – 2005

77. **An instrument to measure the quality of documented nursing diagnoses, interventions and outcomes: The Q-DIO.**

M. Müller Staub: Principal Investigator, research team: Prof. I. Needham, Prof. M. Lunney, Prof. M.A. Lavin, Prof. T. van Achterberg (Supervisor); St. Radboud University, Maastricht, Netherlands.

Methodological study: Instrument development and pretesting, 2003 – 2004

78. **Clinical decision-making: Fostering nurses' critical thinking in the diagnostic process through case discussions.** Qualitative evaluation of case study interventions.

M. Müller Staub: Principal Investigator, & U. Stuker-Studer, Pflege PBS, Bern.

Qualitative study, 2003 – 2004

79. **Clinical decision-making and critical thinking in the diagnostic process.** Qualitative evaluation of case study interventions.

M. Müller Staub: Principal Investigator, Pflege PBS, Bern.

Literature review and qualitative study, 2003 – 2004

80. **Does the quality of nursing diagnostics influence patients' satisfaction related to nursing assessments?**

M. Müller Staub: Principal Investigator, R. Ricka (Supervisor); Maastricht University, Netherlands.

Correlation study, 1999 – 2000
